

# **CLINICAL AND TRANSLATIONAL SCIENCE AWARD (CTSA) PROGRAM APPLICATIONS TO ADDRESS 2019 NOVEL CORONAVIRUS (COVID-19) PUBLIC HEALTH NEED**

National Center for Advancing Translational Sciences (NCATS) is particularly interested in projects focusing on the use of informatics solutions to diagnose cases and the use of CTSA-supported core resources (e.g., advanced scientific instruments, highly-specialized facilities, and regulatory expertise) to facilitate research on COVID-19 and advance the translation of research findings into diagnostics, therapeutics, and vaccines.

**DEADLINE: 10/07/2020**
